

LENS Capability

Foundation = Attribute + Derived. Derived <= parent Attribute. Core ranks end at 10.

Character: _____ Session / version: _____

Player / concept: _____

Profile / rules reference: _____

Might

A: _____

Strength _____

Toughness _____

Resistance _____

Vigor _____

Resilience _____

Mobility

A: _____

Movement _____

Maneuverability _____

Stability _____

Coordination _____

Responsiveness _____

Psyche

A: _____

Cognition _____

Learning _____

Awareness _____

Insight _____

Resolve _____

Influence

A: _____

Presence _____

Projection _____

Connection _____

Manipulation _____

Control _____

Leverage

A: _____

Assets _____

Network _____

Authority _____

Reputation _____

Background _____

Function from relevant Load

0-2: 100% 3-5: 75%

6-7: 50% 8-9: 25%

10+: affected function lost/exhausted

Same pressure is not also Dissonance.

Current Capacity / Load / Function

Ordinary test Capacity is 10 each. Totals query the ledger below; do not duplicate Conditions.

Physical C: ____ L: ____ Mental C: ____ L: ____ Framework C: ____ L: ____

Function: _____ Function: _____ Function: _____

Master Condition Ledger

Condition / cause	Levels	Scope / Access	Recovery / counter

LENS Training & Routes

Task = activity. Field = portable expertise. Specialty / Precision = narrower Field expertise.

Character: _____

Session / version: _____

Open Training List

Narrow entries require a Field parent, not an equal parent rank. Precision may skip Specialty.

Saved Expression Routes

Estimates exclude situational changes. Reassess Access, applicability, Function and context each use.

Intent / means	A+D; T/F/S/P; Axis / Aspect	Raw / included factors

Additional training / scopes: attach another copy. No mandatory catalogue or printed-slot cap.

LENS

Permission & Identity

Access is separate from competence. HOLT has no parent Rank. One applicable lasting Aspect at a time.

Character: _____ Session / version: _____

HOLD / HOLT Provisions

Identify Profile, permission, limits and source. A package label alone does not grant every manifestation.

Package / type / ID	Granted scope / limitations / source

HOLT Axes

Access: Open, Condition (state requirement), or Closed. Unranked Open Axis contributes x1.0.

HOLT / Derived relationship	Access / condition	Rank	Restrictions / purchase link

Lasting Aspects

Creation: up to 2 Rank-1 and 4 Rank-0 potentials, optional. Story-awarded; not point purchases.

Aspect / characterization	Rank	Access / story recognition / applicability

Benefits / Drawbacks

Record defined provisions and actual burden. Values may be provisional; compensation ledger is on page 4.

Name / type	Effect or burden / scope / conditions	Approval / ledger ID

LENS Provisions & Funding

Preserve actual grants, payments and restrictions. No automatic refund, forty-point grant or HOLT allowance.

Character: _____ Session / version: _____

Possessions, Position & Languages

Keep ordinary function, permission, factors and mitigation distinct. Do not charge twice for existing provisions.

Item / relationship / language	Function / reach / scope / limits	Source / value status

Starting Allocation Check

Attributes: 5 free base ranks + 20 protected purchases = 25 total; priced funding 1,200.

Derived: 50 protected ranks globally; D <= A; priced funding 1,000; no free first rank.

Training: 750 protected points; unspent creation Training is spent or lost, not carried.

Ordinary flexible: 125. Actual drawback compensation: ____ / 40 maximum. Not a grant.

Profile extraordinary provisions / eligible funds: _____

Unrestricted retained: _____ Restricted remainder / disposition: _____

Purchase / Compensation / Buyoff Ledger

T/F10; S/P5; A60; D20; HOLT Access20 once; Axis20/rank. Benefit prices require approval.

Entry / date / purchase ID	Fund / basis / discount	Actual paid / credited	Balance / prior credit

Actual Compensated Burdens

Attribute any capped or combined award; prevent duplicate credit with HOLT or package limitations.

Burden / affected purchases	Actual credit / prior buyoff	Current limits / eligible easing

LENS Expression & Session

Photocopy for additional resolutions. Record a completed result without rewriting it after later development.

Character: _____ Session / version: _____

Declared Attempt

Intent / target / means / stakes: _____

Access / required conditions / dependencies / action allocation: _____

A + D	T / F / S / P	Axis / Aspect	Equipment / Scale

Difficulty components: _____ Total D: _____ Factor: _____

Resonance sources: _____ Dissonance sources: _____

Context: _____ Function: _____ Action divisor: _____ Pre-floor: _____ Final: _____

Boost transaction: _____ Original dice / continuation: _____

Paid reroll transaction: _____ Replacement / continuation: _____

Success/failure: _____ Result: _____ Margin: _____ Effects: _____ Complication: _____

Opposition / Allocations / Consequences

Opposition / cancellation	Effects assigned / target / function	Condition / fact changed

Session Close

Participation10; Progress / Discovery / Character Expression / Narrative Engagement each 0,3,5.

Awards by category / reasons / recipients: _____

Opening: _____ Awarded: _____ Other credit: _____ Spent: _____ Closing: _____

Story provisions / Aspect recognition (not duplicate spendable points): _____

One friction point / evidence / unresolved test assumption: _____
